

"What a Picture" Home Activity

Why not have a go at 'Putting Yourself in the Frame' so to speak.

If you've been to our 'What a Picture' exhibition, then you will have seen our portraits of people who held important positions in society long ago and tried our trail.

Wouldn't it be good if you could create an image of someone that you'd like to be, perhaps a King or Queen even a pirate or a Superhero.

Have a look at the ideas we have posted here for you to see and then make up your mind. Whatever you choose it's easy to become all you need is a large piece of paper big enough to cut a circle out of to pop your head through and leaving enough space around the outside to draw what it is you want to be.

When you've finished get someone to take a picture of you and 'What a Picture that will be!
